

Parachute Jump

Experience an unrepeatable moment of parachute jump. You jump from the plane from a three-kilometre height and fly at a speed of 200 km/h. Waiting for you is approximately 55 seconds long free fall and an 8-minute flight with an open parachute. Parachute jump is possible in Kráľová pri Senci or in Dubová and it is intended for real adrenaline enthusiasts.

Action Tower

The 110-metre high Action Tower is the tallest building in Slovakia, which is used for adrenaline jumps. If you belong amongst adrenaline lovers, try 3.8 seconds of free fall from the tower to experience total freedom and a good dose of adrenaline. During your free fall, you can try aerial acrobatics such as forward and backward somersaults.

Wakelake

In the area of the Zlaté piesky Lake, you have the chance to try out the untraditional water activities. You can try a wakeboard lift, or would you prefer to fly? We prepared for you a flyboard powered by water jets, allowing you to fly freely over the water. Using the stand-up paddleboard, you can drift across the water surface and control your direction by a paddle.
